

System Design Project Individual

Report Milestone 3

Name: Georgi Tsatsev Matric: s1045049

Allocation

I was allocated to work on the robot's design and dribbler and friendly related strategies.

Goal

The goal was to implement and test a strategy that takes the ball away from the wall using the dribblers. The goal was achieved and many tests were performed to get proper results.

Individual Contribution

I wrote strategy for dribbling, for the friendly for scoring. I also wrote the Milestone strategy. I helped with some hardware problems we had. Fixed robots inability to move forwards to some extent. I also

Communication

My communication was great. I wrote reports to my assigned manager every day with my progress and workings.
